A BUSY WEEKEND AT THE HOME & GARDEN SHOW...

HOME & GARDEN SHOW 2023 RECAP

Although our booth was a lot simpler than it has been in previous years, we had a great weekend exhibiting at the Edmonton Home and Garden Show. It was an excellent showing, with many attendees exploring what was on offer.

We enjoyed discussing prospective projects and answering numerous maintenance and installation inquiries. The water features on display were a big hit, especially for the kids!

We are looking forward to the season now that the seeds for inspiration and excitement have been planted! If you missed us at the show, but would still like information or to discuss a potential project, get in touch and we'll be happy to talk with you.

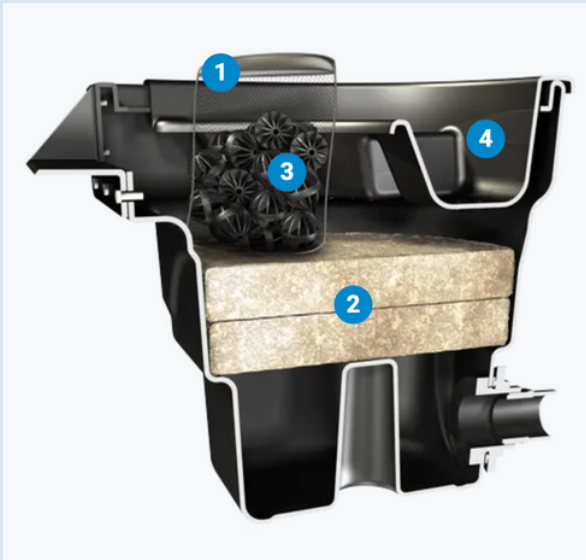

START-UP PACKAGE

CHECK YOUR PRODUCT STOCK!

With each summer comes the need for treatment products to keep your water feature looking clean and fresh. Even if you are performing your water feature's start-up yourself, come in to the store or let our start-up team know if you need any products, available in various sizes.

PRESSURE FILTER CONVERSION

CONTACT US TO LEARN MORE ABOUT THE BENEFITS FOR YOUR POND

As time goes by, pond building methods evolve, and for the past 10 years we have been installing external Pressure Filters that maximize the beneficial bacteria in the pond in an efficient and compact method. An external Pressure Filter can be installed anywhere in the water feature's plumbing, and can be placed either in a vault in the ground, or above the ground. Let us know if you would like to convert from your old-style upflow filter to one of our Pressure Filters.

ROOM DIVIDER

PERFECT TO SEPARATE SPACES

Generally installed throughout the home's building timeline, these features offer a unique feeling to a variety of settings.

POND TOUR

JULY 29 & 30, 15-20 LOCATIONS

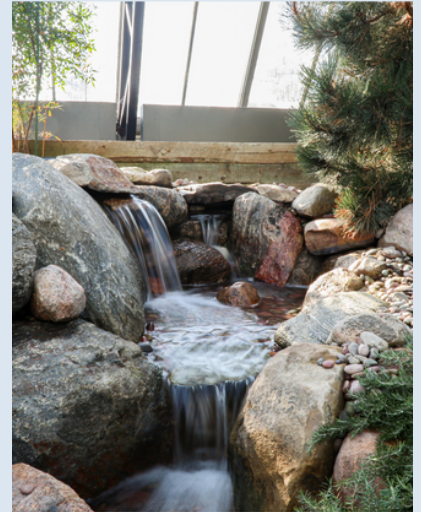

We are going to be hosting the Pond Tour again this coming season. We will have a self-guided tour with 15-20 locations (which will be finalized closer to the Tour weekend). Tickets will be \$5 and can be purchased any time before the Tour weekend. Proceeds from ticket purchases will be donated to Dogs With Wings.

Gain inspiration and admire both our water features and the surrounding landscape meticulously cared for by the homeowners. Get a glimpse of what you could incorporate into your own yard with our help.

If you are interested in offering your water feature as a spot on the Pond Tour, send us an email with your information and we will get in touch with you.
